

KOL ZIMRAH

Jewish Community Singers

Marketing/Communication Intern

Background

Kol Zimrah Jewish Community Singers is a Chicago-area based Jewish community volunteer choir. As a 501(c)(3) organization, we were founded in 1996 by Cantor Richard Cohn. We have performed across the Chicago area—at the Lyric Opera, Millennium Park (the Bean), in Symphony Center, in synagogues, and beyond—as well as in Paris, Berlin, and Toronto. We performed online during the pandemic and grew our fan base during that time.

Now we want to position ourselves for the future. To do that, we must expand our presence, grow the choir, and enhance our overall financial health. We have a marketing/communication strategy, but we have neither the bandwidth to do the work ourselves nor the finances to hire a marketing/communication professional. We are so excited at the prospect of mentoring an unpaid intern to help us achieve our goals. This position is perfect for a student in or a retiree from the marketing/communications space.
